WORK EXPERIENCE

Scribd - Data Scientist

(Jan 2022- Present)

- Evaluated SOTA large language models on summarization, throughput and compute identifying the most performant and cost effective solution for AI generated titles and descriptions across a corpus of 24 million documents.
- Improved Scribd's SEO ranking by reducing the index life of 12% of newly uploaded documents at a loss of only 1.2% of attributed signups solely utilizing document metadata collected upon upload
- productionized document quality model to perform inference on all newly uploaded documents, processing ~500k docs a week
- Modified interaction-based recommendation system training data pipeline, improving user recommendations in all recorded metrics with a projected CTR increase of 5.5%
- Identified 200k malicious user-generated documents containing personally identifiable information (1% of corpus) and created a simple heuristic which removed 42k (21%) with a 70% precision rate

NASA - Software Engineering Intern

(Aug 2019 - Dec 2019)

- Ported aircraft structural health monitoring system FOSS (Fiber Optic Sensor System) to cryogenic fuel application using a microcontroller, decreasing program execution time by ~50% using a multithreaded approach

Professional Skier

(Winter 2007 - Winter 2016)

- Competed internationally in freestyle competitions winning an X-Games bronze medal and becoming a finalist in the 2014 Olympic Qualifiers
- Coordinated and performed stunts for Vin Diesel in Paramount Pictures' "The Return of Xander Cage" garnering praise for the stunt team by the New York Times

SKILLS

Languages: (proficient) Python, SQL/Pyspark (past experience using) C, C++, JavaScript/HTML/CSS

Frameworks & Libraries: Pyspark, TensorFlow, Keras, PyTorch, Numpy, Matplotlib, Pandas, Scikit-learn, OpenCV, Huggingface, Airflow, MLflow

Software & Tools: Linux, Databricks, AWS, Windows, Git, Jupyter Notebook, Unity, Excel

EDUCATION

Portland State University, Portland, OR

(Graduated Aug 2021)

(MS) Computer Science – AI/ML focus

GPA: 4.0

Computer Science Grad Prep

(Jun 2016 – Aug 2019)

University of Utah, Salt Lake City, UT

(Graduated Aug 2012)

(BA) English Literature (BA) Film & Media Arts
